About the College

St. Ann's College for Women (Autonomous) affiliated to Osmania University, Hyderabad, started in the year 1983, is a premiere minority institution administered by Congregation of Sisters of St. Anne.

Besides underlining the pursuit of academic excellence, as an honest goal in itself, the College imparts education with the mission of transforming its girls into empowered women who are socially conscious, intellectually competent, spiritually en-lightened, morally upright, psychologically integrated and physically healthy.

The college with 3500 students is now at the forefront of providing quality education for women with the vision of academic excellence, skill enhancement and value enrichment. The college is reaccredited by NAAC with "A" grade with a CGPA of 3.41 and has been accorded the status of 'College with Potential for Excellence' by UGC twice in the years 2010 and 2014.

About the Conference

Information technology and the Internet are major drivers of research, innovation, growth and social change. E-content has become a very valuable and powerful tool of education in this contemporary education system; it is used to create an information rich society where everyone, irrespective of gender, place, age are empowered

to create, receive, share and utilize information and knowledge for effective classroom transactions. In the process of e-learning, e-content serves as an effective virtual teacher. Today, the educators need to generate their own resources and consequently have more control over the classroom.

The Dynamics of Virtual class rooms – Go DigitAll is an attempt to empower the teacher with contemporary technology. The key objective of our Seminar is to provide participants with simple yet powerful strategies and skills for e-content development that may be implemented into their classrooms for an enhanced teaching experience.
