ABOUT THE YOUTH SUMMIT...

Youth Summit @ St. Ann's

The spiraling developments at the global levels with one world beyond borders warrant that students are oriented intellectually, academically, are skilled and self-assured, on par with their counterparts elsewhere in the world. With liberalization and globalization of economic activities, the need to develop skilled human resources of a high caliber is imperative. Therefore, the role of institutions in preparing the students to get exposure to various career options, to achieve core competencies, and train to work in a focused manner to face the global challenges successfully is important.

The youth summit aims to bring in large number of undergraduate and post graduate students across different disciplines and provide a never before experience of listening to people who have made it, how they did it? And what they did? A glimpse into the way forward!!

Resource persons are drawn from different fields, the top Administrative brass, CEOs, Entrepreneurs, Creative and fine arts specialist, NGO's and Start-ups.

The event will also provide a platform to network and will conclude with some fun activities like showcase your talent, Claim your fame!, Theme walk, Posters and collage presentation.

Hoping to synergize youth power and experience, expectations and aspirations, youth today to youth tomorrow.
