Report

Plastic Free Hyderabad Campaign: Eco club volunteers participated in News Paper Bag Making Workshop and Poster Making Competition on the Theme “Beat Plastic Pollution” organised at Sanjeevaya Park by Dhruvansh NGO in collaboration with US High Commission on June 15, 2019. **Yogitha of B.Com Computers won the First prize and Swetha Sharma won the second prize in Poster Making Competition.**

July 4, 2019: Newspaper bag Making/Sanitary pad pouch making was demonstrated to Eco club and Environment Education students by Yogitha and Swethasharma to create awareness among students to avoid plastic bags keeping in view International Plastic Bag Free Day which is observed every year on July 3rd. Also students were taught to make sanitary pad disposal pouch using newspapers, to dispose of used pads properly.

St. Ann's College students of Eco club and Outreach / Rotaract Club are winners of RoundTable Competition organised by St. Joseph college on February 24, 2020

The British Deputy High Commission, Hyderabad hosted a roundtable for college students on 24 February (Monday) from 2 pm onwards around the theme of 'Climate Change' as part of a series of events planned for this year in the Telugu states, ahead of the COP26 Summit to be held in Glasgow, UK in November 2020. This programme was organised as part of Chevening Alumnifunded activity titled 'Chevening Conversations'.

Seed Ball Making Activity-July18,2019 at St. Ann's College In collaboration with Green waves Environmental Solutions

70 volunteers of Eco club prepared 700 seed balls in our college campus under Swachh Sabarmati Green waves Initiative for development of Eco system Swachh Bharath Mr. Aditya from GreenWaves and Eco club Faculty members coordinated the event. Activities included video screening on significance of seed balls followed by a lecture and then preparation and storage of the seed balls. Native seed varieties were collected and used in making the seed balls along with organic manure.

Menstrual Waste Management Awareness activity :Guest Lecture was organised on 8th August 2019 .Chief guest from Rotaract Club. Dr. Geetha Nagasri spoke on importance of Menstrual Hygiene practices and emphasized the importance of switching over to eco friendly alternatives like Biodegradable sanitary pads .Mrs. Aruna, CEO of Apna Green Products was the special guest for the event.

Celebrating Festivals in a Eco friendly way

In view of celebrating festivals in a Eco friendly way, Eco club of our college organized clay idol making workshop in our college premises, in collaboration with Green Waves environmental solutions. Around 100 students of our college participated in this event. Seed Ganesha Idols are not immersed in any water bodies, but when in our gardens water is poured on these idols, the idol dissolves and seeds in them start sprouting or growing. Greenwaves

organisation has trained our students in making these idols with 21 different seeds like vegetable and medicinal plant seeds. The activity was organised on 29th August, 2019

Same day NSS students were trained in making seed balls.

23rd Aug 2019, Eco Club volunteers conducted Seed Ganesha awareness for around 200 employees at Worley Parsons MNC in the VIT Park Hitech City

24th Aug – Seed Ganesha Making – Program in Kushi TV at Green Mitti by Eco club Volunteers, in view of September 16 – Ozone Day

Distribution of Pamphlets on Biodegradable pads in all Departments & Creating Awareness by Environment Education students and Eco club Volunteers on availability of biodegradable pads in our Health centre and why all should switch over to these eco friendly alternatives.

Waste Management is another theme under which Eco club plans awareness activities:

Kitchen waste Composting Activity was organised by explaining the significance of Waste segregation as the first step and step wise Demonstration/ Video Screening of composting waste in Clay pots, Carton boxes, Khambha was done

Eco quiz Program: In view of World Ozone Day observed on 16th September, Eco Quiz was organised on 19th September at 1:30 to 3:00 pm in our college premises. To create awareness on Global warming, and significance of protecting our Biodiversity questions were designed with additional information on each topic after every question.

Students were happy to become aware of these topics which needed attention by our youth

Topics – 1) Ozone Layer 2) Global Climate Change 3) Local Biodiversity

10 Teams / per team 3 students, Total 30 Participants. Winners were given certificates and eco friendly gifts.

Upcycling of Plastic and E waste Workshop In JNTU on 18th September, 2019; Manasa and group of Eco volunteers coordinated the workshop along with Green Waves.

Swachhata Hi Sewa Campaign was coordinated by Eco club and NSS in our college campus

Swachhata Hi Sewa Campaign is being launched by the Government of India from September 11, 2019 to October 2, 2019 with the aim to eliminate use of plastic and to dispose plastic waste. Campaign is launched, commemorating the 150th birth anniversary of Mahatma Gandhi and fourth year anniversary of Swachh Bharat.

Swachhata Hi Sewa is being put forward as a cleanliness and awareness drive, aimed at encouraging participation in the Swachh Bharat Movement. PM Modi has called Swachhata Hi Sewa “ A great way to pay tribute to Bapu (Mahatma Gandhi)” .

It is now high time that we all must realize the harmful effects of plastic pollution and contributes our bit towards bringing it down.

Various activities conducted from September 11 ,2019 to October 2, 2019

St.Anns college for women organized a **slogan contest** on plastic free campus from September 11, 2019 to September 16, 2019. 100 students have written different slogans on the banner provided the slogans were judged and the top three slogans were given prizes
