Career Counselling:

Report on Career Counseling for the year 2021-22

With the extension of the breakout for the Pandemic throughout the whole year the career counselling cell has continued with the activities for the year 2021-22. The webinars were planned for the accomplishment and the widening the scopes for different job opportunities under the adverse situations of the present biological warfare.

Nevertheless almost 13 companies showed the interest for organizing lectures from different fields such as edu.tech, social welfare , soft skills development, overseas education, AI, machine learning etc for the students ability enhancement and improvisation.

Many famous companies conducted the series of webinars such as Avodha, Azent , Career Launcher, Career Tuner, IBM-ICFAI, IBS, Igebra.ai, Woxsen, Wynfluentz welfare, Magoosh Learners, Youth for seva. Students got awareness to choose the options available for the career growth and opportunity.

The Q&A session, wherein the students cleared their doubts have got more ideas about the company gave hope to those who wanted to excel as a software developer.

All the meetings were virtually conducted using Google meet , Zoom, Cisco webex for the students interaction. We have organized 12 seminars during the academic year 2021-22 for the Gradutes and Undergraduates of Science, Commerce, Business management and Arts.

The outcome of the webinars was :

- Overall it is a complete package of knowledge , experience, money and abundant skills
- To follow the passion
- Curiosity in finding the ideal job
- Significance of good planning
- Nurture the talents in that particular direction and use the sort of boosters to keep and practice up to the mark.
- How to get high paid jobs etc.
- It had been a "path seeker" sessions for all

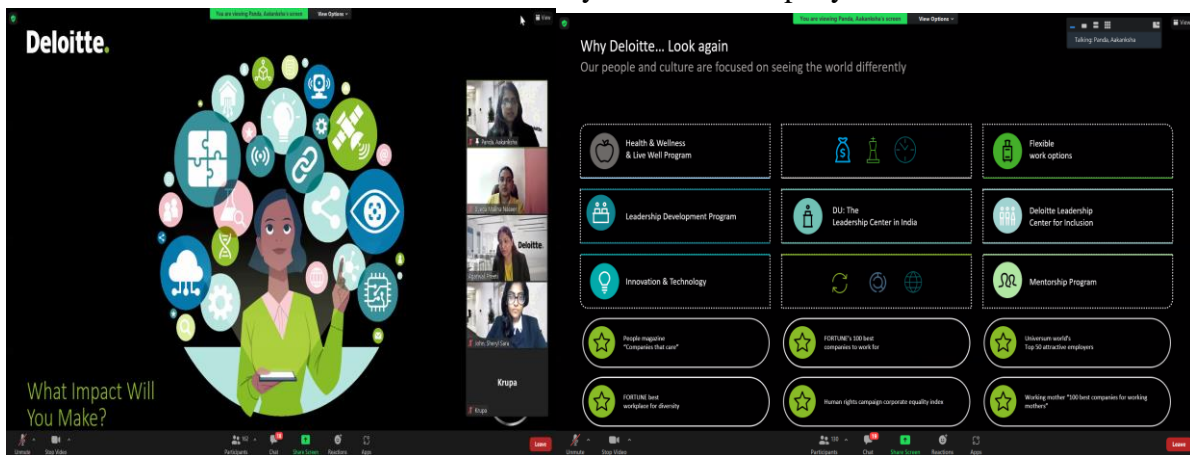

All the webinars were successful as it helped many students in shaping up their career, knowledge about current job market situation and expected changes with the advent of new technologies like full stack development, data scan, AR, VR, AI/ML, Cyber security, Block chain etc. and also insight into overseas education.
