# ABOUT US

Placement Cell, St. Ann's College is a professional body working towards maximizing student welfare. The team consists of a student body of individuals effortlessly working under a dedicated body of Faculty, to nurture and prepare students for their future careers and bring success and repute to the institution.

Placement Cell acts as an interface between the students and the recruiters and is responsible for placement of final year students, providing internship opportunities and grooming the students of all batches. The Cell also conducts various training programs, workshops, seminars and webinars by industry experts, and regularly takes up various initiatives to develop students' skills and impart knowledge and awareness in multiple areas.

In the 2022-23 academic year, 460 UG and some Pg students enrolled in the placement cell. 36 companies from various industries visited our campus. This year, 23 new companies have been added. Overall, around 250 students were placed. Providence India offered 10.5 LPA, which is this year's highest CTC.

While Covid-19 pandemic continues to impact the economy and job market, Placement Cell, St. Ann's College, has continued its streak of growth in Placement Season 2022-2023. The Cell hosted over 40 companies, including industry giants Deloitte USI, Providence India, Dell, Alliantgroup, HDFC, HSBC, ICICI Lombard and others, rolling out **250** offers. The placement opportunities were complemented by lucrative pay packages and 20+ profiles. Placement Cell is thankful to everyone for their contribution.

# Placement App

The Placement & Career Counseling cell has been developed and implemented an Android App SCOPE(St. Ann's COLlege Placement Engine)for the students for the placement process in the year 2019.(From Registrations till Feedback).

The main purpose of the app is to develop a system that can be used by placement cell of a college and also to design a system that provides functionalities to perform the activities related to placement services. It also allows the committee members and students to view the company's facilities and also helps placement coordinator to select under different platforms.

Through the placement app, the students can register with the placement cell and their account will be approved by the placement coordinator after checking the payment details. Then the students will get their own login credentials, through them they can view the company details/ Placement drive details etc. At the end of the academic year, student can give the feedback on the company and the placement committee through this app only. It's the digital platform to communicate with the students 24/7.

# Career Counselling

## Report on Career Counselling Cell for the year 2022-23

The college has taken up the task to conduct the activities through career counselling cell, E-counselling cell and various departments.

The activities such as seminars, webinars for undergraduate as well as post graduate students of Science, Commerce, Business management and Arts.

The career counseling cell has taken up the responsibility for providing the opportunities to the students with pre-placement talk, CRT classes etc by conducting seminars and all the seminars/webinars were successful as it helped many students in shaping up their career, knowledge about current job market situation and has helped the students to increase their confidence, prepared them to face interview and provided knowledge on the topics of their interests.

The organizations visited include Unacademy, Azent overseas Education, ZS Academy, SIP Abacus, IMS, ISB, Youth for Seva, Global Tree upgradation, IASWALA, YMC Chromatography. Both the seminars and webinars were carried out throughout the year.

Mr.Kamal Kant from Azent technologies and Miss Zainab from ZS Academy gave the insight into overseas education. students came to know how overseas education can enhance your personal and career growth. He explained also about the top Study Abroad Destinations such as the UK, USA, Canada, Australia, New Zealand, and many more.

IMS and ISB has explained briefly about the Top institutes – A++, how the question paper will arise and what all are the selection process-Time line. The demonstration was more about the skills required to crack CAT , IIFT and etc. The value proportion added by ISB , Modes of entry for post graduation in Management, scholarships provided by the ISB and their research avenues that help the students know the practical side of business , creation of strong entrepreneurship ecosystem and work experience were all explained by the speaker. .

SIP Academy organized a webinar where two students went for the training, and it explained about the Brain GYM, Abacus and Speed Writing. To refine the technical skills and to attain a better grasp of fundamental principles behind the scientific methods and to come up with innovative ideas to design their own projects with the help of YMC technical experts. YMC School of chromatography provides an overview on the basis of HPLC- method development, purification of compounds and their characterization. It also provides necessary and basic skills required for every individual in the field of chromatography.

The youth leadership programme which standouts in the whole session that is provided to the students from ISB to enhance their leadership fundamentals, decision making , self awareness , motivation , influence and persuasion and managing performance skills. There was a good response from the students.

Global trea an organization has addressed the students for skill upgradation program informed us about the free coaching for SC, ST N OB students who are looking forward to applying for competitive exams.

The outcome of the seminars/webinars was :

- Overall it is a complete package of knowledge , experience, money and abundant skills
- To follow the passion
- Curiosity in finding the ideal job
- Significance of good planning
- Nurture the talents in that particular direction and use the sort of boosters to keep and practice up to the mark.
- How to get high paid jobs etc.

## CRT(Campus Recruitment Training)

Edunet Foundation offers free online courses; 200 students enrolled in various courses to acquire key technologies and future skills. Each student can enroll in multiple courses on this platform. At present, 120 students are doing online courses, and so far, 120 course completion certificates have been received by the students for various courses.
