### Across All Devices

# ST'ANNS ERP With 45+ Modules To Help You Manage

Classrooms, Services & Facilities for All Your Campuses

## Campus Management System

A comprehensive set of features that allows your teachers to spend more time on student progress and teaching, allows parents to be more involved in their child's education, ensures improved resource availability for your students, enables your administrative staff to work smarter, and makes it easier for decision makers to find solutions to problems faster. Simply put, school management ERP with one dashboard with everything you need to manage your institute.

### MULTI SCHOOL MANAGEMENT

Whether you need to manage one institute or a hundred, STSONE school management erp allows you to monitor & manage your institutes from a single dashboard with absolute ease. Set up granular controls and use extensive reporting features to get instant insights on performance

### ROLE BASED ACCESS

STSONE not only offers key user-roles – Administrator, Staff, Teachers, Parents & Students – but also allows you to further define data & service access for highly granular user access controls that help you ensure higher accountability and restrict access to sensitive content.

### CLASS ROOM MANAGEMENT

A rich and flexible toolset enables both teachers and administrative staff to manage even thousands of students in hundreds of batches, courses, classes across multiple institutes with absolute ease.

UNLIMITED CLASS AND BATCHES

No compromises management of your classrooms.

AUTO TIMETABLE

One-click, optimized time-tables for every class based on teacher availability.

ATTENDANCE MANAGEMENT

Rapid attendance feature, absence notification to parents, & upload leave applications.

MANAGE CLASS ASSIGNMENT

Distribute notes, homework, assignments; maintain records of grades & late submissions.

EXAMINATION MANAGEMENT

Streamline your examination and student assessment process – Create multiple subject-wise exams and assignments, define weightage of each towards final assessment and even include weightage from extra-curricular activities, and STS ONE ensures that student grades are always and automatically updated.

The STS ONE school management erp portal for students and parents ensures that you can keep them informed of examination dates, alert them to changes in examination dates, inform them of grades as soon as they are available.

STS ONE also supports a wide array of grading systems, as well as allows for instant conversion between grades.

STS ONE school ERP also auto-generates final assessment reports, report cards, and reports that not only help eliminate a whole host of manual administrative work, but also remove human errors from the entire examination process.

CUSTOM PRINTABLE REPORT  
CARDS

One-click print-ready final & term report cards. Auto-upload to student & parent portal.

#### LIBRARY MANAGEMENT

Make your library operations more efficient. Rapid book issue and return speed up & simplify the process. Bulk upload books, setup book categories, and easily locate books & their status.

Generate instant reports to keep a track of all books, issued, in-stock or disposed. Automatically issue fine for book holders past due date.

Simplify eBook management & delivery with custom access rules via student portal.

#### TRANSPORT MANAGEMENT

Tackle the challenges of transport & fleet management with ease. Build your routes, define stops, and create fares for each stop. Upon adding pick-up stop for a student the appropriate fare is added to their fee automatically. Easily manage your fleet of vehicles by assigning drivers and vehicles to each routes.

A key feature of the school management ERP module is the ability to track real-time location of each vehicle on the map as well as store history of all stops made and notify the school administrators of over-speeding or deviations from prescribed route. Via the parent portal, the parents can track the real-time status of the vehicles, but only for their child's route & for limited time before the drop.

#### INVENTORY MANAGEMENT

Create and manage as many stores as you want. Be it the school canteen or the chemistry lab, keep tabs on inventory, avoid pilferage or abuse. Manage suppliers, indents, purchase orders and billing to streamline your purchases and maximize transparency.

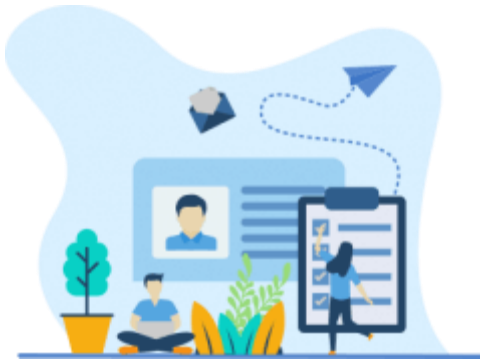

#### GRIEVANCE MANAGEMENT PORTAL

Allow students, parents & staff to voice their concerns with STS ONE Grievance Management System. Built-in ticket management & tracking system ensures that each query is assigned to the appropriate authority and answered adequately on time.

#### MEETING SCHEDULER

Manage internal departmental meetings as well as setup parent-teacher meetings for discussing student concerns. Built-in calendar ensures, that staff and teachers stay notified of upcoming meetings, as well as re-schedule easily if need be.

## Student Management System
