CHEM CLUB – REPORT 2023-2024

Connect. Communicate. Collaborate

The Department of Chemistry with its Motto – Connect-Communicate and Collaborate has successfully organized a plethora of activities for the academic year 2023-24.

The students from various Levels were encouraged to participate and grab the opportunity to enhance their social skills, academic performance and better job opportunities in near future.

More than 100 students took part actively in various events organized at departmental level and collaborative activities with external agencies.

Impact Lecture Series In Association With Amrozia Club, Department Of Arabic On College Theme “Soaring High” – 10-08-2023

Ms.Salwa Fatima- Indigo Aviatrix Ms.Amtul Sumaiya – Corporate advocate Ms.Zara Shakeel – Psychologist

REPORT

The 'Chemclub' of Department of Chemistry and 'Amrozia club' of Department of Arabic in collaboration with IIC had organized an event "IMPACT LECTURE SERIES by Women Achievers in Science & Society" in the auditorium of St. Ann's college for Women on 10th August, 2023.

Mrs. Salva Fatima, Ms. Zara Ahmed Siddiqui & Ms. Amtul Sumaya were the alumni of St. Ann's college & have triumphed in their fields. They were the chief guests for the day & were invited to inspire the students to **believe in their dreams**.

Mrs. **Salwa Fatima**, Hyderabad old city's first woman commercial pilot is among the few Muslim women in India to hold a commercial pilot's license. She held on to her dreams despite conservative social norms and her family's financial constraints. She was studying at Neo School Aizza, Malakpet. Fatima, being the eldest of the four siblings, was again on the verge of quitting her education when she was pursuing her intermediate course at **St. Ann's junior college, Mehdiapatnam**. Luckily, her botany

professor, *Sangeetha*, promised to pay her fees when she was standing in the fee defaulter's queue. "I was always fascinated by the sky. I wanted to become a pilot but wasn't even able to afford a plane ticket. But my first flight was not from a passenger seat but from the cockpit," said Fatima with a humble smile. She is a mother of two, the youngest being a six-month-old baby girl.

Flying is a serious profession; don't take your worries beyond the cockpit door. Every time this message echoes in her mind, it transforms her into a strong aviator. "My parents, husband, and in-laws are extremely supportive, which is why I'm able to live my dream," she said.

Ms. Zara Ahmed Siddiqui, a psychologist & life style expert, had different experiences with her life. She strived for clearing the NEET exams to enrol into a medical college. Unable to do so, she took admission in St. Ann's college for Women and went on to pursue a degree in psychology. She believed whatever happens in life, happens for a reason! She motivated students to believe in God and trust His plans.

Ms. Amtul Mateen Sumaya, a corporate advocate, speaks about being passionate about one's own dreams. She inspired the students to design a plan to achieve the dream and then working on it. She highly believed in being determined to achieve what one desires. She also spoke about mental and physical health's importance.

Student Feedback –

Molecular Rangoli Competition

Department of Chemistry, St Ann's College for Women, Mehdiapatnam, Hyderabad, organised a "Molecular Rangoli Competition" for colourfully welcoming 1st year students on 10th July 2023. All the 2nd and 3rd year students were allowed to take part in making rangoli which were restricted to chemical areas. The areas included metal complexes, stereochemistry, pharmaceutical chemistry, natural products, heterocyclics, bio-molecules etc. The time allotted was 1 hour for completion of the rangoli. The students had assembled in the quadrangle at 9.30 a.m. for the competition. A total of 66 students had taken part in the competition.

After the students had completed their task in the given time period, Mrs. Sylaja, Head, Department of Biochemistry, was invited to judge the different rangoli arts. The students had explained their arts and based on their explanation, the colour combination, the creativity, originality and neatness ma'am decided the winners.

Students were expected to register online through a link which was forwarded through the brochure and a notice was also circulated.

National Chemistry Week - MOLE DAY – 23-10-2023 – Virtual Event

On the occasion of NATIONAL MOLE DAY, the department of chemistry organized online competitions on 23rd Oct. 2023 which included e-poster on 'mole map' & preparing a catchy slogan on 'MOLE'cule. The day was celebrated to create awareness among the young chemists about the importance of Avogadro's number in the field of chemistry.

St. Ann's College for Women
(Autonomous) Affiliated to Osmania University, Accredited 'A+' by NAAC (3rd Cycle), College with Potential for Excellence by UGC, MehdiPatnam, 500028

Department of Chemistry
Invites all the Chemistry enthusiasts to participate on the occasion of
National Mole Day

Mole Day, celebrated on October 23rd, commemorates Avogadro's number (6.022×10^{23}), a fundamental concept in chemistry. It promotes understanding of the mole as a unit for measuring substances in chemical reactions. This day encourages scientific curiosity and celebrates the importance of Avogadro's contribution to the field of chemistry.

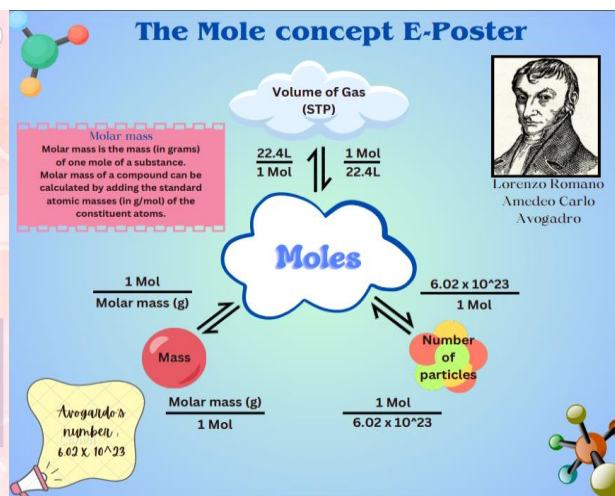

ONLINE COMPETITIONS:

1. E-Poster on Mole-Map.
2. Prepare a Catchy Slogan on 'Mole'cule

- 3 best posters and slogans will be rewarded.
- Participants will receive an E-Certificate.
- Participants must mention their Full Names, Combination, College Name and Correct E-Mail ID

Student Coordinators:
Gayathri (GCM-III): 9502006824
Maleeha Iffath (MCB-II): 8885208470

Cloth Bag Distribution – 10-10-2023

On the occasion of Eco SDG Championship, the Department of chemistry, NSS unit & the Eco club of St. Ann's college for women in collaboration with the SQAC joined hands in bringing about a change in the society and create awareness to reduce plastic. For the same the students of St. Ann's college for women distributed cloth bags in the Rythu Bazar, MehdiPatnam on 10 Oct., 2023.

St. Ann's Degree College for Women
(Autonomous) Affiliated to Osmania University, Accredited with 'A+' Grade by NAAC (3rd Cycle) College with Potential for Excellence by UGC, MehdiPatnam, Hyderabad - 500028

On the occasion of
Distriet ECO SDG Championship 2023
The NSS unit, Department of Chemistry and Eco club in collaboration with SQAC presents

SAY NO TO PLASTIC AWARENESS CAMPAIGN

Want to make a difference?
Join us for a CHARITABLE CAUSE
Where you can volunteer by DONATING OLD CLOTHES OR SAREES which we can make a bag out of and make a BIG impact for charity

The NSS Volunteers will come and collect the clothes during lunchbreak

CHHOTE SCIENTISTS PROGRAM – DECEMBER 2023

The Department of Chemistry in collaboration with Youth for Seva Foundation has organized **Chhote Scientists program** as an extension activity.

The motto of this extension activity is to impart science education to various government schools in Telangana. The event was successfully coordinated by Departments of Physics, Chemistry, and Biochemistry providing a platform for students to volunteer, contribute and enhance their learning outcomes.

Such activities develop not only their academic skills but also build one's personal skills and civic responsibilities toward society.

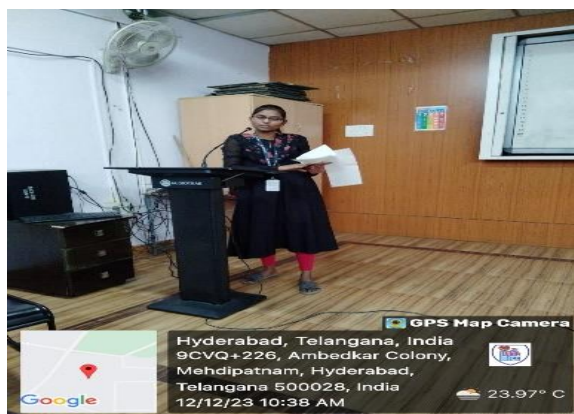

A Two Day hands on training session on various science experiments is organized by Youth for Seva for active volunteers December followed by the selection of trained students in order to promote science education in schools.

The selected volunteers visited various government schools for 5 weeks and demonstrated experiments to Middle school and high school children followed by science exhibition at various schools.

The selected schools with best exhibits were invited to display their experiments at St. Ann's College.

The Exhibits were observed and judged by Mrs. Sylaja, Head, Department of Biochemistry and Ms. Nazia Fathima, Dept of Chemistry and 3 best exhibits were rewarded in the felicitation ceremony on the occasion of National Science Day 2k24.

Through this science education program around 20 government schools got benefitted.

Celebration of 40years @Chemistry - National Science Day 2k24

On the occasion of Completion of 40years at Department, plethora of activities has been organized followed by science exhibition at National Science Day organized on 1st March 2024 titled as ANNSCISCAPE.

Around 400 St.Anns School students were cordially invited to experience the joy of learning science through live demonstrations, Models, fun activities.

The Department of Chemistry has displayed various exhibits and live experiments for students such as Fullerene Model, Alchemist, Photobooth, simple acid base reactions and brain storming activities followed by **Chemistry Show in collaboration with ILM Foundation**.

Dr.Ratan Toorkey, Head , Department of Chemistry – ILM Foundation along with team members has actively demonstrated experiments such as chemical fire, elephant toothpaste, Ph, acid base reactions. The students thoroughly enjoyed the live show expressing immense satisfaction.
