

About Workshop

Qualitative research is an outcome of the systematic efforts of a researcher using tools, techniques, and resources available in the marketplace. Research is a unique academic activity that has to be conducted by referring to peer-reviewed research articles published in journals of international repute and popular databases. Methodologies selected for the presentation of the hypothesis and writing of the findings of the research in a legitimate manner are paramount ingredients to qualitative research.

Aims and Objectives of the Workshop

- The objective of this Workshop is to introduce the modern ways of conducting literature research, the use of discovery tools and databases, reference management software such as Myendnoteweb, and Mendeley, and data analytical tools such as SPSS in analyzing the research data.
- The Workshop will help the participants with a proper research methodology and improve their analysis by applying various statistical techniques using popular software. apply
- The course aims to improve the research skills and competence among the researchers by strengthening their knowledge, etc.

About College

St. Ann's College for Women (Autonomous) affiliated to Osmania University was started in the year 1983. The college was reaccredited by NAAC in the year 2024 and was awarded A grade in the 4th cycle.
