Annual Report 2023-24

P R E F A C E

Building on a legacy of achievement, this has proven to be another unique and remarkable year for the College. Our commitment to provide knowledge and opportunities to our students through the offering of diverse programs of studies, which anticipate demand in critical socio-economic – research sectors. Our strategy to accomplish the mission of the college is rooted in creating a favorable academic environment to promote teaching, learning and research, monitoring standards to make quality an integral part of the institution, carrying out periodical evaluations, reviews and feedback, formulating the development strategy and inspiring and motivating commitment and dedication.

The stakeholders have embraced the growth and development of the College under autonomy. We are proud to reflect on the value system at St Ann's and the brand recognition it receives as we provide a rich and rewarding learning environment to our student population. The college is privileged to have much accomplished faculty willing to devote all their energies to create a better turned out Annite.

As we work towards providing an environment conducive to learning, teaching, academic inquiry and innovation, maintaining academic excellence and professionalism, ensuring adequate facilities for existing programs and strategizing for growth and expansion we revisit, revalue and restructure efforts on the basis of outcomes of the year.

This report acknowledges the performance of staff and students' teams committed to the college vision of academic excellence, skill enhancement and value enrichment and efforts to elevate the lives and fulfilling dreams of our students. This report presents the activities for the 2023-24 year and highlights the plans for coming year 2024-25.

In tune with the IQAC's practice of dedicating each year to a theme; this year's theme was **Soaring High** and the report also records the efforts made by all departments, cells, clubs, and centres towards it. Theme for the year 2024-25 is **Expanding Horizons**

We are not content to rest on these accomplishments, IQAC continues in its steadfast commitment to student success and an improved student experience, and we are confident there

are even greater heights that we have yet to reach. Our strength continues to be rooted in a strong institutional culture that puts students at the centre of our work. This report embodies that commitment.

Management Governance, Leadership &

Leadership ensures to create an environment that fosters development of an institution. It helps in laying down a specific direction for an organization to articulate vision, devise plans, and facilitate decision making process. The management works towards providing an environment conducive to learning, teaching, academic inquiry and innovation, maintaining academic excellence and professionalism, ensuring adequate facilities for existing programs and strategizing for growth and expansion. The Institution believes in promoting a culture of delegation of powers through strategic policies to identify the organizational needs and strives to fulfill them.

For an effective governance every institution needs a comprehensive, clear and integrated planning system, which enunciates objectives to be pursued and plans of action to be adopted and a clear organizational structure that unambiguously defines lines of authority and accountability. To co-ordinate the academic and administrative planning and implementation effectively, the governance has been decentralized into different levels- IQAC, Deans, Head of the departments, Conveners of the committees.
