IQAC Organizes

One Day National Workshop on Role of Multidisciplinary Education under NEP 2020 (Hybrid Mode)

26th April 2025

“Multidisciplinary Education will help develop well-rounded individuals who possess critical thinking, ethical reasoning and problem-solving capacities.”

— NEP 2020

About St. Ann's

St. Ann's College for Women was established by the congregation of the sisters of St. Anne in 1983 with just two programs and 106 students in two rooms to serve the cause of women's education. Their single-minded dedication, sheer resolve, perseverance and dedication of the leadership and the commitment of the faculty has seen the college evolve into a huge institution with over 3500+ students and 45+ program options across UG and PG levels. At present, the college has more than 145 faculty members belonging to as many as 30 different departments.

The institution has always maintained high academic standards and ensures conducive learning environment with necessary infrastructure. Envisaging a holistic education, a plethora of choice based curricular and extracurricular activities are offered to enhance their employability skill. The accolades are a testimony to the growing reputation of the college as a leading institution of higher education in the state of Telangana.

The college strives to promote an integral and holistic growth of young minds, to impart spiritual and academic training which would foster sound character building, to develop critical thinking skills, to instill in students a lifelong sense of participation and involvement in developmental endeavours and nation building and to train students for employment and entrepreneurship.

Today, we find ourselves ranked amongst the top colleges in the country as one of the finest providers of under-graduate and post graduate education for women. Success and recognition followed in the form of 'A' grade (3.24 / 4.00) by NAAC in the recent 4th cycle of accreditation. Also figured in the rank band of 151-200 by NIRF .

About IQAC

The internal quality assurance cell (IQAC) at our institution embodies a visionary approach towards fostering culture of continuous quality enhancement with a focus on innovation, ideation and internalization of quality culture, IQAC aims to be a “Quality Connect” with in our academic community. By strategically planning and prioritizing quality goals, leveraging strengths and building new competencies, IQAC plays a pivotal role in driving academic excellence and institutional growth. IQAC ensures transparency, reliability and accountability in our pursuit of excellence engaging stake holders through feedback mechanisms, interactive forums and promoting holistic developments aligns with our mission to create globally competent individuals grounded in moral, social and spiritual values. IQAC acts as a catalyst for change, empowering autonomy and decision making freedom while maintaining focus on continuous improvement and quality assurance across all academic and administrative domains. IQAC of our college has actively taken on the role of mentoring the colleges, which are yet to be accredited in their pursuit of academic and institutional excellence. This has been done formally through **UGC scheme - Paramarsh** as well.

About Workshop

As per the vision of National Education Policy (NEP) 2020, multidisciplinary education is at the core of transforming higher education into a more inclusive, innovative, and learner-centric model. This one-day national workshop, exclusively designed aiming to provide insights, tools, and collaborative ideas for effective implementation of multidisciplinary approaches in teaching, learning, and curriculum design.

Objectives of the Workshop

- To understand the Multidisciplinary Vision of NEP 2020 in relation to higher education
- To highlight the importance and Enhance Faculty Capacity of multidisciplinary learning and cross-domain teaching
- To promote inter/cross -departmental collaboration and academic flexibility
- To explore strategies for curriculum integration and innovative pedagogy
- To share Best Practices and Learnings through successful models and case-studies from other HEIs and Global Institutions
