From the Principal's Desk...

Dear Students!

We are ready to welcome the class of 2025 to St. Ann's College for Women, a place of nurturing the young adolescents to responsible adults! We acknowledge the intercession of our heavenly patron Smt. Thatipatri Gnanamma who believed "All odds, all challenges and all handicaps of life can be overcome with strong determination, persistent hard work, insurmountable patience and unshakeable tenacity". That's how we want you to prepare for the future.

At St. Ann's we believe in empowering women through education, skills and values. The empowered woman is powerful beyond measure, beautiful inside beyond description and powerful to reshape the world.

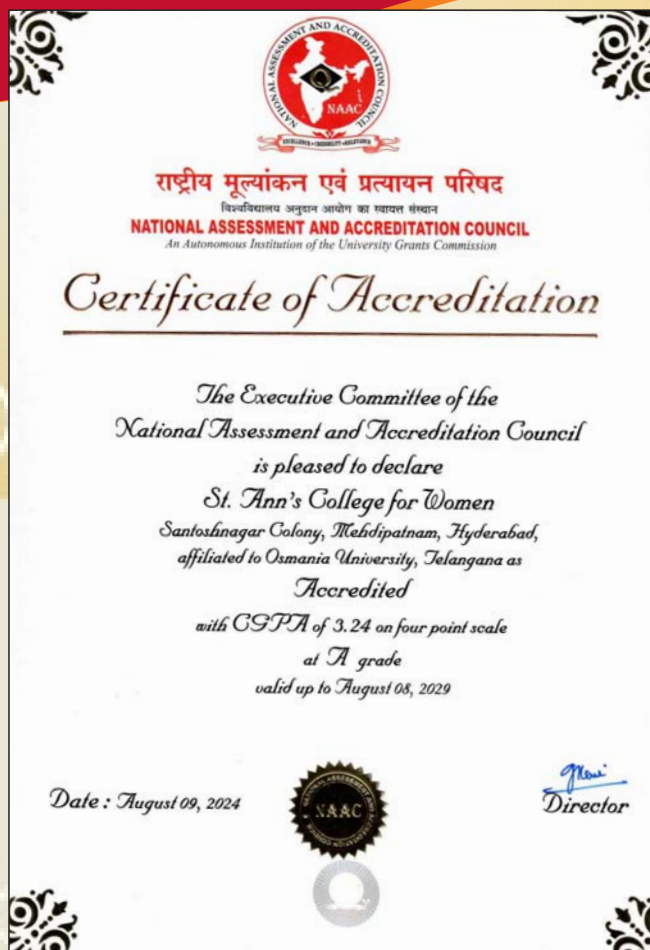

Dear students, Infuse your life with action. Don't wait for things to happen. Make it happen. Make your own future. No matter what has happened to you in the past or what is going on in your life right now, it has no power to keep you from having an amazingly good future if you stay focussed, work with determination and do your best.

You all have different dreams, different skill sets, different backgrounds, different ambitions - you're different people. It is our aspiration that St. Ann's students will continue to gain the necessary diversified knowledge, insight, skills, and experience to become leaders in their chosen fields.

Your future is limitless!!
Wishing you all the best!!

Dr. Sr. A. Vijaya Rani

Accreditations & Awards

Y. Aarthi of BA PEP

Joining St. Ann's College was never a pre-planned decision, but it turned out to be one of the best choices I've made. The supportive faculty, especially in the Social Sciences Department, made my transition from science to arts smooth and comfortable. Being part of the Student Council and various clubs like Bhuvana Vijayam and Electoral Literacy Club, along with my involvement in NSS, provided me with immense exposure and leadership experience. The college's dynamic environment and emphasis on both personal and professional growth have truly transformed me. I'm grateful for the friendships, lessons, and memories I've gained here.

Amena Khan – B.com Hons

When I joined St. Ann's Degree College for Women as a B.Com (Hons) with US CMA student, I aimed high, and this college gave me the wings to fly. Striving for excellence, I secured a CGPA above 9 in all the semesters, but St. Ann's shaped me beyond academics. As a Cabinet Member of the Dharini Eco Club, I honed my leadership and teamwork skills. Our Sister Principal instilled in us discipline, confidence, and countless opportunities to showcase our talents. Running my own stall at college events taught me the art of business. My teachers pushed me beyond my limits, my friends stood by me, and the vibrant campus life gave me unforgettable memories. Every activity and challenge polished my soft skills, making me a confident and well-rounded individual.

Anandha Lakshmi – B.Sc. NCB

My time at St. Ann's College has been an incredible journey of learning, leadership, and growth. As the Class Representative (CR) and the top-ranking student in my class, I have had the privilege of balancing academics with active participation in various clubs. Serving as the President of Rotaract Club, Vice President of Vangmayee Club, a Team leader in Outreach, and an Active Volunteer in Street Cause, I have been part of initiatives that created a meaningful impact. From organizing literary events to leading social service projects, these experiences have shaped my confidence, teamwork, and leadership skills. The dynamic and supportive environment at our college has allowed me to grow beyond textbooks, preparing me for future challenges. I am grateful for the friendships, mentorship, and experiences that have enriched my journey.

Rabia Amjad – B.Sc. MPSC

College has been a mix of chaos, challenges, and unexpected wins. Tackling physics equations, math formulae, CS codes, and SQAC responsibilities - I've learned more than just what was in the syllabus. From organizing events to last-minute submissions, every moment added to the madness. Through it all, I learned to rely on myself, adapt, and keep pushing forward. This 3-year journey has shaped me into someone who thrives under pressure (most of the time). It wasn't always easy, but the struggles made the victories even sweeter. As I move forward, I know I'm leaving with more than just a degree - memories, lessons, and the confidence to take on whatever comes next.

Bomma Nikitha - BBA (Business Analytics)

My BBA journey at St. Ann's has been transformative. The course sharpened my analytical skills with tools like Power BI and Python. Faculty support and hands-on learning boosted my confidence. Clubs and events enriched my experience beyond academic, helping me to grow both personally and professionally.

Sumaiya Abdul Bari - MSc Clinical Nutrition and Dietetics

I gained deep exposure to clinical nutrition under excellent faculty and through internships. Diverse co-curricular activities have enhanced my skills, while various opportunities helped me develop leadership qualities.

P. Mary Amrutha - MBA

My experience at St Ann's has been amazing. The faculty were very caring. It provided me the opportunities I needed to grow in my professional life. It boosted my skills in both academics and co curricular activities giving me an all round development in all areas.

B. Rithika Naidu - MCA

My experience at college has been truly enriching and memorable. The faculty was supportive and helped me grow both academically and personally. I've had the opportunity to explore my talents through various events and activities.

M. Sushritha - MSc AI and ML

I had a wonderful experience in college, balancing studies and extracurricular activities, filled with learning and growth. I gained knowledge, built friendships, and developed valuable skills for the future.
