Training Contents

(Two full day modules arranged in smaller and interactive classroom sessions, covering the subjects given in the diagram below)

Global Career Readiness: Mastering Japanese Management Competencies

Equipping students for a shifting global job market with data-based, adaptable, and long-term career skills rooted in Japanese operational excellence

THE PATH TO GLOBAL EMPLOYABILITY

Global Market Realignment
Industries are shifting away from Western-centric models toward diverse, multi-regional economic ecosystems.

The Ideal Modern Candidate
Employers seek talent that is adaptable, situationally competent, and driven by reliability

Sustainable Career Readiness
Training focuses on long-term commitment and society-beneficial results rooted in Japanese culture.

ESSENTIAL MANAGEMENT TOOLS

Operational Excellence (5S & Kaizen)
Techniques focusing on resource optimization and continuous improvement for better productivity.

Structured Problem Solving
Utilising PDCA, Root-Cause Analysis, and Pareto tools for data-based decision making

Collaborative Thinking
Training covers teamwork, A3 Thinking, and 360-degree analysis through brainstorming and mapping.

TRAINING PATHWAYS

Orientation Programme
Two-day intensive session

Certification Programme
Monthly schedules spread into convenient durations
